Sabah Alam Tahaa

Tangail, Dhaka, Bangladesh | satahaa12345@gmail.com | (+880) 1 7435-53606 | linkedin.com/in/satahaa

CAREER OBJECTIVE

Undergraduate student in Computer Science and Engineering at Mawlana Bhashani Science and Technology University with strong interests in low-level engineering, embedded systems, operating system design, compilers, and intelligent systems. Seeking research opportunities, part-time internships, or engineering roles where I can apply my problem-solving, software development, and systems-level thinking while continuing to grow as a researcher and engineer.

EDUCATION

Mawlana Bhashani Science and Technology University | *B.Sc. (Engg.)* *Santosh, Tangail* | **2023 – Present**

- Major in Computer Science and Engineering
- Cumulative GPA ***3.64*** out of ***4.00***\

Major General Mahmudul Hasan Adarsha College | *HSC* *Sadar, Tangail* | **2020 – 2022**

- Field of Science
- GPA ***5.00*** out of ***5.00***

Sristy Academic School | **SSC** *Suparibagan, Tangail* | **2014 – 2020**

- Field of Science
- GPA ***5.00*** out of ***5.00***

RESEARCH INTERESTS

- *Low-Level Engineering*
- *Operating System Design*
- *Programming Language*
- *Machine Learning*
- *Embedded Systems*
- *Compiler Design*
- *Artificial Intelligence*
- *LLM's*

TECHNICAL SKILLS

• Programming Languages:	*C, C++, C#, Python, Java, JavaScript, HTML, CSS, MATLAB*	**High Proficiency**
• Frameworks, Libraries and Tools:	*Qt, C# WinForms, Java Swing, Visual Software Engineering tools*	**Medium Proficiency**
• Database:	*MySQL, MSSQL, Oracle*	**High Proficiency**
• Version Control:	*Git, GitHub*	**Medium Proficiency**
• Platforms:	*Windows, Linux*	**High Proficiency**
• Productivity Tools:	*AutoCAD, Adobe Photoshop, Adobe Illustrator, LaTeX, MS Word, PowerPoint, Excel, Google Forms, Google Sheets*	**High Proficiency**
• Communication:	*Bangla, English, Hindi*	**Proficient**

PROJECTS

Simple Imperative Language Compiler | *SILC*
- Compiler project with GitHub repository
- GitHub: *https://github.com/satahaa/SILC.git*

Thesis and Projects Repository System | *TPRS*
- Repository platform for storing projects and research papers
- GitHub: *https://github.com/satahaa/TPRS.git*

Bi-Directional LAN Asset Distribution Engine | *BLADE*
- LAN-based file transfer system for cross-device sharing
- GitHub: *https://github.com/satahaa/BLADE.git*

EXPERIENCES AND ACTIVITIES

Freelance Graphic Designer | *Independent, Unpaid* *Tangail* | **2024 – Present**
- Designed apparel graphics independently, including jersey and hoodie designs
- Worked with visual concepts, layout composition, and design tools such as Photoshop and Illustrator
- Built practical experience in client-oriented visual presentation and digital content creation

Red Crescent Student Branch, MBSTU | *Co-Lead* *Santosh, Tangail* | **2025 – Present**
- Contribute to team coordination, student engagement, and branch activities

IEEE Student Branch, MBSTU | *Member* *Santosh, Tangail* | **2026 – Present**
- Participate in academic and professional development activities related to engineering and technology

National High School Programming Contest (NHSPC) | *Volunteer* *Santosh, Tangail* | **2025**
- Assisted in event-related activities and supported programming contest operations

ACADEMIC AND PROFESSIONAL PROFILES

- GitHub: https://www.github.com/satahaa/
- Academia: https://mbstu.academia.edu/SATahaa
- ResearchGate: https://www.researchgate.net/profile/Sabah-Tahaa
- ORCID: https://orcid.org/0009-0005-2052-4391

INTERESTS

- Watching Movies
- Gaming
- Researching obscure topics
- Learning History
